EDUCATION

Worcester Polytechnic Institute (WPI) Worcester, MA
- Master of Science in Computer Science May 2026
- **Related Courses:** Artificial Intelligence, Algorithms: Design and Analysis, Design of Software Systems, Operating Systems, Mobile and Ubiquitous Computing, Machine Learning, Data Mining, Interactive Media Development
- **Achievements:** 3.70 GPA

Endicott College Beverly, MA
- Bachelor of Science in Computer Science, Minor in Business Administration May 2024
- **Related Courses:** Software Engineering, Database Management Systems, Visual Programming and Object-Oriented Design I and II, Web Programming with PHP and MySQL, Network Fundamentals
- **Achievements:** 3.77 GPA, Computer Science Club President, recurring Dean's List student

EXPERIENCE

Aceso Remote
Associate Web Developer Dec 2024 – Present
- Developed interactive features for healthcare applications running on TVs for 15 hospitals using electronic medical record data, JavaScript, HTML, and CSS within an agile team environment
- Became a subject matter expert in Aceso's proprietary JavaScript framework Pelican and authored technical documentation, reducing developer onboarding time by 65%
- Designed and built a proof-of-concept application to evaluate Pelican capabilities and establish both technical and UI/UX boundaries for future product development
- Selected by management to develop a pilot project porting core Pelican features to Angular, demonstrating 100% feature parity and setting the foundation for Aceso's future development pipeline
- Developed full-stack enhancements for Aceso's ASP.NET server, bridging frontend components in an MVC architecture with backend server logic to improve server stability, streamline data organization, and improve user experience

Methuen Construction Plaistow, NH
IT Co-Op Jan 2024 – Aug 2024
- Performed hardware and software installation and troubleshooting to ensure proper technological operations for over 210 Methuen Construction and MWH Constructors employees
- Assisted IT department with MWH Constructors technology merger, resulting in the secure migration of over 110 Methuen Construction employees' file and account data

Business Interiors Floor Covering Woburn, MA
Accounting Information Systems Intern May 2021 – Aug 2021
- Assisted CFO in securing a COVID-19 Paycheck Protection Program loan worth $2 million by creating detailed payroll spreadsheets

PROJECTS

Exercise365
Endicott College Capstone Project Aug 2023 – May 2024
- Created a mobile application designed to help users generate meal and exercise plans
- Developed the full stack using React Native for the frontend and Express for the backend; utilized REST APIs for meal and exercise data, Git for version control, and managed user data via MongoDB and Firebase

SKILLS

- **Programming Languages:** Python, JavaScript, TypeScript, HTML, CSS, PHP, Lua, Kotlin, Java, C#, C, C++
- **Frameworks & Libraries:** React, Next.js, Angular, Express, Tailwind CSS, Jest, Vitest, PyTorch, Pandas, .NET, Java Spring Boot
- **Technologies:** Node.js, npm, MongoDB, Amazon Web Services (AWS), Google Firebase, SQL, NoSQL, Docker
- **Tools & Methodologies:** Agile & Scrum, REST APIs, Testing, Microservices, DevOps, Git, Cloud, IaC, Unity
- **Operating Systems:** Windows, Linux/UNIX, Android, iOS
